ENGINEERED WOOD PRODUCTS ASSOCIATE

Haney Builders Supplies seeks a qualified full-time Engineered Products Associate that will handle our engineered wood products and building materials within our 5-acre lumberyard. The candidate will maintain the engineered wood products, keep the yard organized, provide customers with product knowledge. The candidate will be able to follow manager's directions and complete tasks as requested. The position is physically demanding and includes heavy lifting and working outdoors through the summer and winter.

RESPONSIBILITIES:

- Stock engineered wood products
- Build orders (pull material from shelves and prepare it for delivery)
- Keep yard neat and organized
- Other similar tasks as required

EXPERIENCE:

- Previous employment showing good work ethic and reliability
- 2 to 3 years experience with engineered wood products is required
- Forklift experience is required.

QUALIFICATIONS:

- Able to lift 40 lbs
- Positive attitude with a willingness to work

BENEFITS:

- Competitive wages based on experience
- Health and Dental (once 3 month probation has been completed)

*To apply, please email your cover letter and resume to: hr@haneybuilders.com

*Please include "Engineered Products Associate" in the subject line of your email.
